Join us for an in-depth exploration of the essential elements of managing formal disciplinary processes, including verbal and written warnings. This workshop will guide you through effective suspension procedures and termination protocols to ensure fairness and compliance. Additionally, we will cover strategies for handling workers' compensation claims, with a special focus on stress-related issues. Equip yourself with the knowledge and tools to manage these critical aspects of leadership with confidence and competence.

Additional benefits include using participants' documents, exploring industry practices, and a follow-up coaching session (up to 20 minutes via phone or Teams) to assist with specific employee issues.

**Disclaimer - this does not include the development of or provision of any documentation or the QA of any material.*
